PREFACE

This booklet was prepared by the Morgan County Chapter of the Ohio Genealogical Sociest. Edith Scott copied the information from microfilm records on file at the Kate Love Simpson Library (Morgan County Library System), McConnelsville Ohio.

Elmer Gerlach printed the main part of these records and Ray and Jean Oliver printed the cover plus index.

The information was originally recorder as T9-1053-10th census 1880-Ohio-Vol 40 Morgan pt 2-Morrow 1-419, photographed in Micro Film Lab Bureau of Census Mac.# 101.

The Various enumerators (one for each township) evidently interpreted their instructions differently as to recording residence and family numbers - some started at the beginning and carried the numeral sequence thru the entire township. Others a new series with each village and one enumerator started a new series at the beginning of each original census sheet.

Abbreviations and Notes

Many abbreviations are used throughout this booklet, in some cases to conform to the Census Enumerator's usage and in other cases because of space considerations. It is believed that the abbreviations used and their context will make their meaning obvious. Some special cases are noted.

1. The fourteen townships that consititued Morgan County in 1880 (and Now) were assigned two letter abbreviations which are used in the page numbering system of this booklet. They are:

BL-Bloom
BR-Bristol
CE-Center
DE-Deerfield
HO-Homer
MA-Malta
MN-Manchester
MR-Marion
ME-Meigsville
MO-Morgan
PE-Penn
Un-Union
WI-Windsor
YK-York

2. The abbreviations used for the various states by the Enumerators were changed to the two letter system used by the United States Postoffice in 1994.

3. Abbreviations for foreign countries are generally three letters with a number of obvious exceptions.

4. The abbreviations used at the top of the first page of each township

Ind-Individual
FA-Father
MO-Mother
Occ-Occupation

Although typed only on the first page of each township, the system was adhered to on subsequent pages.

In a few cases involving foreign countries in which the father and mother or all three were born in the same country, the name of that country was typed only once in the space provided.

Abbreviations used for relationships, daughter, son, nephew etc are conventional. The only possible source of confusion is SIL which stands either for Sister-In-Law or Son-in-Law. Context will indicate which.

5. The Enumerator's spelling of names etc where adhred to in all cases.

1880 CENSUS
BLOOM TOWNSHIP
Morgan County, Ohio

This census was taken June 1/2, 1880 by A S Cook Enumerator. The information was copied from Microfilm Copy 1050-1682 of Volume 46 of the Census Record. Legend or abbreviations used appear in the introductory material of this booklet. The two digit numbers before each family are the number of the residence and family respectively. For example, number 4-5 is the fourth residence and fifth family (two or more families occasionally live in one house).

END OF DEERFIELD TOWNSHIP ENUMERATION JULY 9, 1880 by LYMAN WHITACRE, ENUMERATOR

1880 CENSUS
Homer Township
Morgan County, Ohio

This census was started on 3 June 1880 by David Moody Jr, Enumerator. The information in this booklet was copied from microfilm records on file in the Kate Love Simpson Library (Morgan County Library System), McConnelsville, Ohio. A legend of the abbreviations used appears as introductry material to this booklet. The double numbers before each family are the residence and family numbers respectively on Mr Moody's route. For example, 6-6 was the sixth residence and the sixth family. (In some cases two or more families lived in the same residence. Mr Moody appeared to have trouble with these numbers. Page numbers are the pages of the Original census document.

HERE ENDS ENUMERATION OF MANCHESTER TOWNSHIP, 16 June 1880

1880 CENSUS
MARION TOWNSHIP
Morgan County, Ohio

This census was taken beginning on 2 June 1880 by Fred L Mercer, Enumerator. The information in this booklet was copied from microfilm records 1050-1682 of Volume 46 . These microfilm records are on file in the Kate Love Simpson Library (Morgan County Library System), McConnelsville, Ohio. The two numbers before each family are the number of the residence and family on Mr Mercer's route. The first number refers to the residence and the second to the family. For example, 1-1 refers to the first residence and the first family. 7-9 refers to the seventh residence and the ninth family(two or more families occasionally lived in the same residence).

The information in this booklet was copied from microfilm records on file in the Kate Love Simpson Library (Morgan County Library System), McConnelsville, Ohio. Abbreviations used are explained in the Introductry Material to this book. The two numbers before each family are the number of the residence and the family living there respectively. For example, 1-1 refers to the first residence and the first family on Mr Spencer's route. 22-23 refers to the twenty-second residence and the twenth-third family(two or more families occasionally lived in the same residence). Page number refers to the original census page.

1880 CENSUS
PENN TOWNSHIP
Morgan County, Ohio

This census was taken beginning 2 June 1880 by H H Drake, Enumerator. The information in this booklet was copied from microfilm records on file in the Kate Love Simpson Library (Morgan County Library System), McConnelsville, Ohio. Abbreviations used are explained in the introductry material to this booklet. The pairs of numbers before each family are the number of the residence and family living there respectively. For example, 1-1 is the first residence and first family on Mr Drake's route. 10-11 refers to the tenth residence and the 11th family. (Two or more families sometimes lived in the same residence). Page numbers refer to the original census page.Mr Drake's handwriting was quite legible but, in many cases, the ink had faded badly making it difficult to read.

1880 CENSUS
Windsor Township
Morgan County, Ohio

This census was taken beginning 4 June 1880 by Thomas B Lane, Enumerator. The information in this booklet was copied from microfilm records on file in the Kate Love Simpson Library (Morgan County Library System),, McConnelsville, Ohio. Abbreviations used are explained in the introductry material in this booklet. The pairs of numbers before each family are the number of the residence and family living there respectively. For example, 1-1 is the first residence and first family on Mr Lane's route. 7-8 is the seventh residence and the eighth family. Two or more families often lived in the same house. Page numbers refer to the original census page.
